[] After checking with the Office of Personnel, notified [] of the call and we agreed since it was considerably past 5:00 p.m. to advise the Congressman's office that our personnel records were locked up and we regreted we could not check on this for them. Advised Mr. Leonard of this and he thanked us for our trouble and said if these people were still in town they might call us again.

10. [] Talked further with Mr. David Abshire, Assistant Secretary of State for Congressional Relations, about the matter of []

[] Abshire agrees it would be very bad to let him go and establish a precedent for a request from other personal staff members, in addition to other problems. He also feels, however, that it would be well to alert Case's office on this and said they would probably talk with Frances Henderson, Case's executive secretary, about it. I made it clear that the final Agency decision on this would be made by the Director, and I was not speaking for him. Abshire said they would probably work it out on Monday.
